Pinnacle Place is not a nursing home, they are a supportive living facility/assisted living. They provide 3 meals a day, personal care assistance, medication reminders, etc. There is not a lot of heavy lifting. Their tenants have to be able to get around. They are a small building and our employees work well together. Their staff don't call off on a regular basis like you think of in nursing homes.

They are a great place to work. For more information please call JoEllen McCaskey, Manager, at 815-273-2105.
