- Training Provider Appeal (*Action Item*) (Page 20)
At the September 6, 2022 NCI Works Meeting, members voted to deny the training provider and program submitted by WyoTech. Correspondence was sent to WyoTech letting them know that NCI Works denied their request. As per our policy, the provider had 21 days to request an appeal of the decision. Attached is a copy of the original letter that was sent to them along with the copy of the denial letter we received. As a refresher, it is noted that the 36-week program is onsite in Wyoming at a cost of \$29,000. Any individual would need to relocate for 9 months as there is no opportunity to e-learning. NCI Works concurred that there are plenty of opportunities for continuing education in our own State.
